**LUBE**

GRUPPOLUBE

**CREO**  
KITCHENS

Il profilo a parete può alloggiare cavi di diverse dimensioni, fungendo da canalina passacavo e contribuendo ad organizzare gli elementi in modo ordinato. Gli angoli interni ed esterni a 90° consentono di seguire i volumi architettonici, creando un effetto continuo di luce e arredo nei diversi ambienti domestici. Il grado di protezione IP44 ne consente l'installazione in ambienti soggetti a umidità, schizzi d'acqua e che necessitano di frequenti pulizie come il bagno e la cucina. L'accensione e dimmerazione della luce sono disponibili, su richiesta, con l'integrazione del sensore IR o tramite controlli remoti grazie al nostro sistema di alimentazione Mec Driver.

The wall profile can accommodate cables of various sizes, acting as a cable duct and helping to organise the elements in an orderly manner.

The 90° internal and external angles enable architectural volumes to be followed, creating a continuous effect of light and decoration in the different rooms of the home.

The IP44 degree of protection enables it to be installed in environments subject to humidity, splashing water and frequent cleaning, such as bathrooms and kitchens.

Switching and dimming of the light is available on request with the integration of the IR sensor or via remote controls thanks to our supply system Mec Driver.

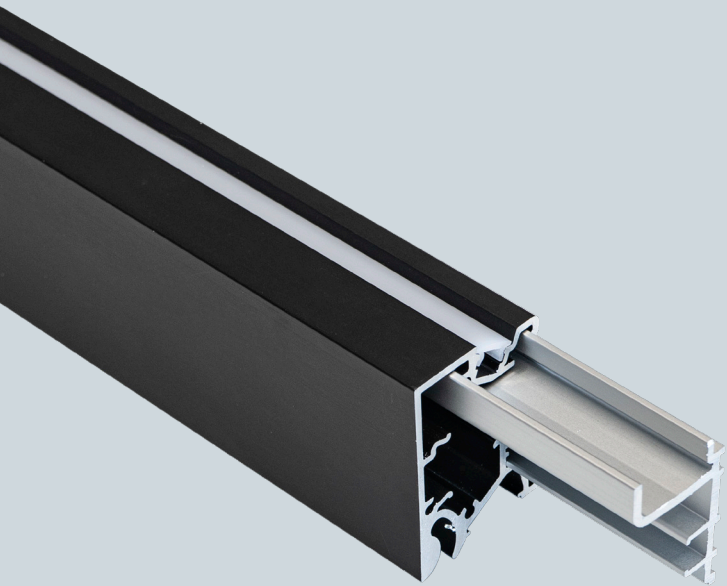

Sign integra una coppia di lampade lineari, per un effetto omogeneo a doppia emissione che conferisce un'atmosfera immersiva all'ambiente domestico. Il profilo superiore ha un effetto di luce di cortesia wallwasher mentre il profilo inferiore garantisce una corretta illuminazione con un'emissione funzionale, prevenendo la necessità di installare ulteriori fonti luminose per illuminare il piano di lavoro.

Sign integrates a pair of linear lamps for a homogeneous dual-emission effect that lends an immersive atmosphere to the home environment. The upper profile has a wallwasher courtesy light effect, whilst the lower profile ensures proper lighting with a functional output, preventing the need to install additional light sources to illuminate the worktop.

## Staffa

La staffa di fissaggio in alluminio viene fissata a parete tramite viti e tasselli.

## Bracket

The aluminium fixing bracket is fixed to the wall using screws and dowels.

## Cover

Il profilo di copertura, in alluminio anodizzato nero, viene fissato a incastro sulla staffa.

Il vano interno funge da canalina passacavo, contribuendo ad organizzare cavi ed elementi di elettrificazione di Sign e degli altri complementi.

## Cover

The cover profile, made of black anodised aluminium, is snapped onto the bracket. The internal compartment acts as a cable duct, helping to organise cables and electrification elements for Sign and other accessories.

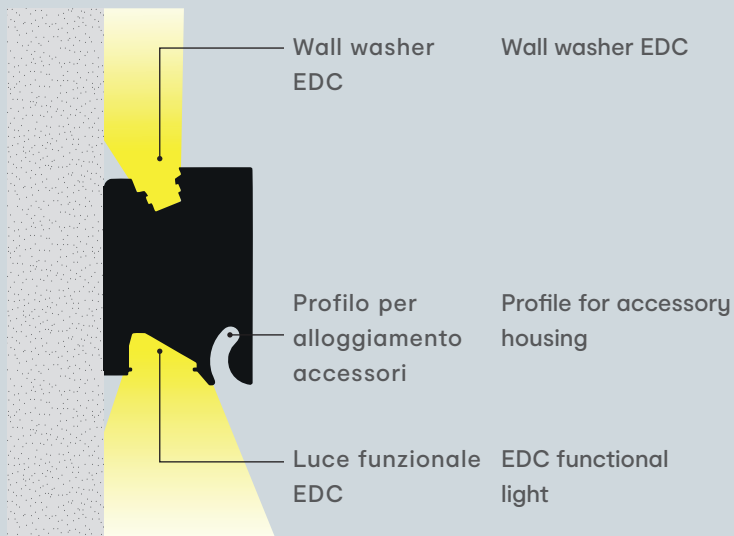

## Protezione

L'indice di protezione IP44 consente l'applicazione di Sign anche in ambienti soggetti a umidità o che necessitano di pulizie frequenti.

## Protection

The IP44 protection rating means that Sign can also be used in environments that are subject to moisture or require frequent cleaning.

IP44

**SIMULAZIONE VISTA  
LATERALE SENZA TESTATE  
SIMULATION OF SIDE VIEW WITHOUT  
HEADERS**

## Ottiche dedicate

Le sorgenti luminose sono dotate di ottiche studiate appositamente per creare un effetto wall washer verso l'alto e per illuminare in modo omogeneo e confortevole il piano di lavoro.

## Dedicated optics

The light sources are equipped with specially designed optics to create an upward wall washer effect and to illuminate the work surface evenly and comfortably.

Su misura: 200 mm ~ 3000 mm Tailor-made: 200 mm ~ 3000 mm

## Elementi componibili

### Modular elements

L'ampia serie di accessori proposti, i moduli a giorno componibili, le mensole e i porta oggetti, rendono Sign adatto ad ogni ambiente domestico, dalla cucina al bagno, dalla zona living all'home office e alla zona notte.

The wide range of accessories offered, the modular open modules, the shelves and the storage units, make Sign suitable for any domestic environment, from the kitchen to the bathroom, from the living area to the home office and the sleeping area.

**N.B.:** Per dettagli montaggio vedi note specifiche a pag.16

**Note:** For assembly details see specific notes on page 16

# Sign

Su richiesta, il profilo è disponibile tagliato a misura.  
Per un utilizzo come luce decorativa e di cortesia si consiglia di scegliere la combinazione di sorgente superiore e inferiore 120 + 120 LEDs/m, per un utilizzo funzionale, ad esempio in cucina, ufficio o in presenza di piani di lavoro, si consiglia la composizione sorgente superiore 120 + 120 LEDs/m e inferiore 240 + 240 LEDs/m.

On request, the profile is available cut to size and with corner joints.

For use as a decorative and courtesy light we recommend the top and bottom combination 120 + 120 LEDs/m, for functional use, e.g., in kitchens, offices or on worktops, we recommend the top combination 120 + 120 LEDs/m and the bottom combination 240 + 240 LEDs/m.

## 4 ALIMENTATORI IN 1, CON SISTEMI DI COMANDO INTEGRATI

Più flessibilità per connettere il futuro

## 4 POWER SOURCES IN 1, WITH INTEGRATED CONTROL SYSTEMS

Increased flexibility to connect the future

### IL "DO IT YOURSELF" DI NUOVA GENERAZIONE

#### MEC DRIVER RIVOLUZIONA IL MONDO DELL'ILLUMINAZIONE LED

Da oggi è possibile costruire in completa autonomia e con la massima semplicità un sistema di alimentazione modulare che gestisca illuminazione e domotica, già pronto e certificato per quasi tutti i mercati mondiali. Il cuore del sistema è il nuovo alimentatore multitemperatura disponibile in 6 diverse potenze (18, 36, 48, 72, 90, 120W) e componibile con tutte le principali prese. Ad esso si possono connettere i moduli per comandare a distanza ogni funzione di regolazione dell'illuminazione, del suono e della domotica. In tal modo si ottiene una soluzione di controllo completa, dall'ingombro minimo.

### NEXT GENERATION DIY

#### PROMISES TO TRANSFORM THE WORLD OF LED LIGHTING

Now you can build your own lighting and home modular automation power supply system – which has been approved for almost any global market – with incredible speed and ease of assembly. The heart of the system is the new multi-voltage power source, available in six different levels of wattage (18, 36, 48, 72, 90 and 120W) and suitable for all common socket-types. It is possible to connect the modules for remote regulation of every aspect of home lighting, sound and automation. In this way you can reach a compact and modular solution, for a complete control of all system.

#### MULTITEMPERATURA

Input: 100\240VAC Output: 24 VDC

#### MULTI-VOLTAGE

Input: 100\240VAC Output: 24 VDC

#### CERTIFICAZIONI INTERNAZIONALI

ALL LEADING INTERNATIONAL ACCREDITATIONS

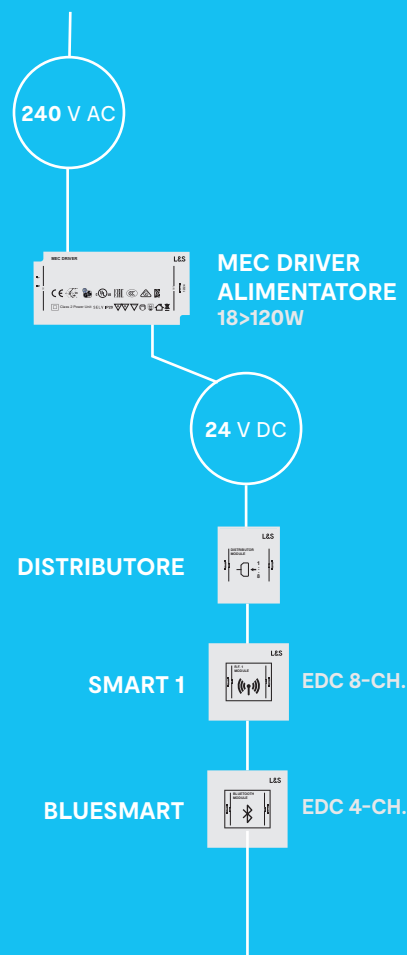

#### CONTROLLO REMOTO

Via Wi-fi, Radio Frequenza (R.F.), Bluetooth, sensori via cavo

#### REMOTE CONTROL

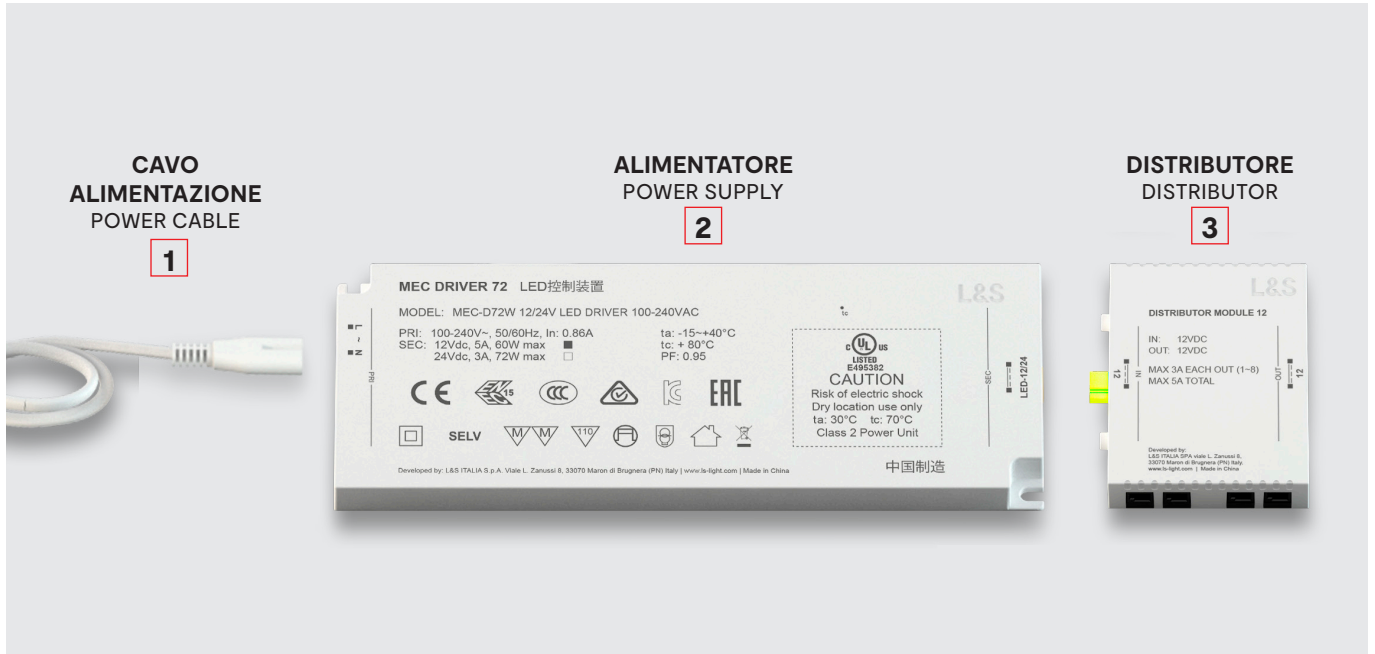

Connection via Wi-fi, Radio Frequency (R.F.), Bluetooth, wired sensors

24201770100	EDC	24 V DC	4	08618030

La centralina *BlueSmart* consente di controllare individualmente fino a 4 lampade in uscita tramite l'apposita app, scaricabile gratuitamente da *App Store* e *Google Play*. È inoltre compatibile con i telecomandi della linea *Smart Up 1* e *Smart Up 4*. I moduli possono essere connessi ad altri moduli di distribuzione o di controllo purché si mantenga la stessa tensione in uscita.

The BlueSmart control unit allows you to individually control up to 4 output lamps using the Bluesmart app, which can be downloaded for free from the App Store and Google Play. It is also compatible with the Smart Up 1 and Smart Up 4 remote controls. The modules can be connected to other distribution or control modules as long as the same output voltage is maintained.

## TELECOMANDO 1 CANALE "SMART UP 1"

TELECOMANDO SMART UP 1	TIPO
 24203240300	EDC

codice  
code

08618034

Telecomando wireless.

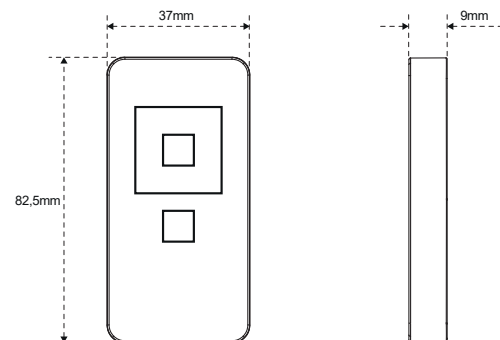

Associato alla centralina Smart 1 o Smart 4, controlla le luci sia per funzioni di dimmerizzazione dell'intensità luminosa, che di cambio della temperatura colore.

- \ On/Off - Dimmerazione - Gestione del colore
- \ 15 m portata all'interno di edifici
- \ Batteria CR2032 (3 anni di durata)
- \ On/Off - Dimming - Colour management
- \ 15 m range indoor
- \ Battery CR2032 (3 years lasting)

Wireless controller.

Associated with the Smart 1 or Smart 4 control, it controls de lights both for dimming the light intensity and for changing the colour temperature.

## TELECOMANDO 4 CANALI "SMART UP 4"

TELECOMANDO SMART UP 4	TIPO	WAYS
 24203250300	EDC	4 ch.

codice  
code

08618035

Telecomando wireless con possibilità di controllare e memorizzare fino a 4 canali indipendenti.

Associato alla centralina Smart 4, controlla le luci sia per funzioni di dimmerazione dell'intensità luminosa, che di cambio della temperatura colore nella versione EDC.

- \ On/Off - Dimmerazione - Gestione del colore
- \ 15 m portata all'interno di edifici
- \ Batteria CR2032 (3 anni di durata)
- \ On/Off - Dimming - Colour management
- \ 15 m range indoor
- \ Battery CR2032 (3 years lasting)

Wireless controller with central button, crown and touch controls, with the possibility to control and store up to 4 independent channels. Combined with the Smart 4 control, it controls the lights both for dimming the light intensity and changing the colour temperature in the EDC version.

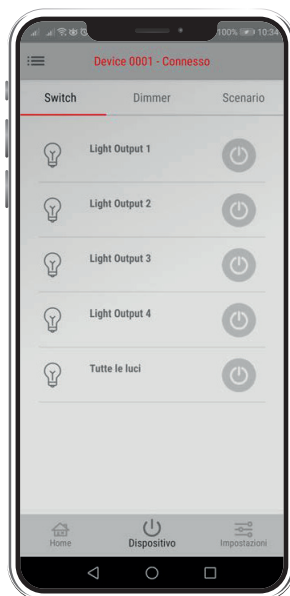

### DEVICE SETTING

Consente di visualizzare i dispositivi connessi suddivisi in zone.

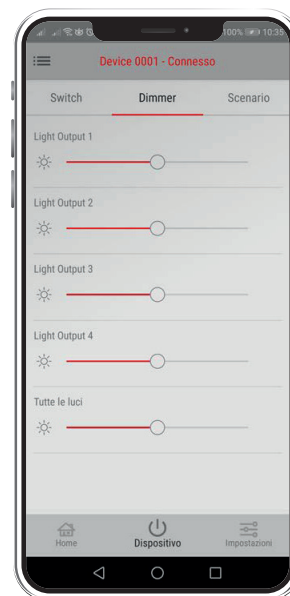

Displays the connected devices divided into zones.

### SWITCH MODE

Consente di selezionare, accendere o spegnere le singole zone.

Allows you to select, switch on or off individual zones.

### DIMMER MODE

Consente di regolare l'intensità luminosa di ogni singola lampada.

Allows you to adjust the light intensity of each individual lamp.

### SCENARIO MODE

Consente di gestire fino a 4 diversi scenari da configurare con le impostazioni preferite.

It allows you to manage up to 4 different scenarios to configure with your preferred settings.

### WHITE MODE

Nelle versioni EDC, consente di selezionare la temperatura di colore di ogni singola lampada.

In the EDC versions, it allows you to select the color temperature of each individual lamp.

App Store

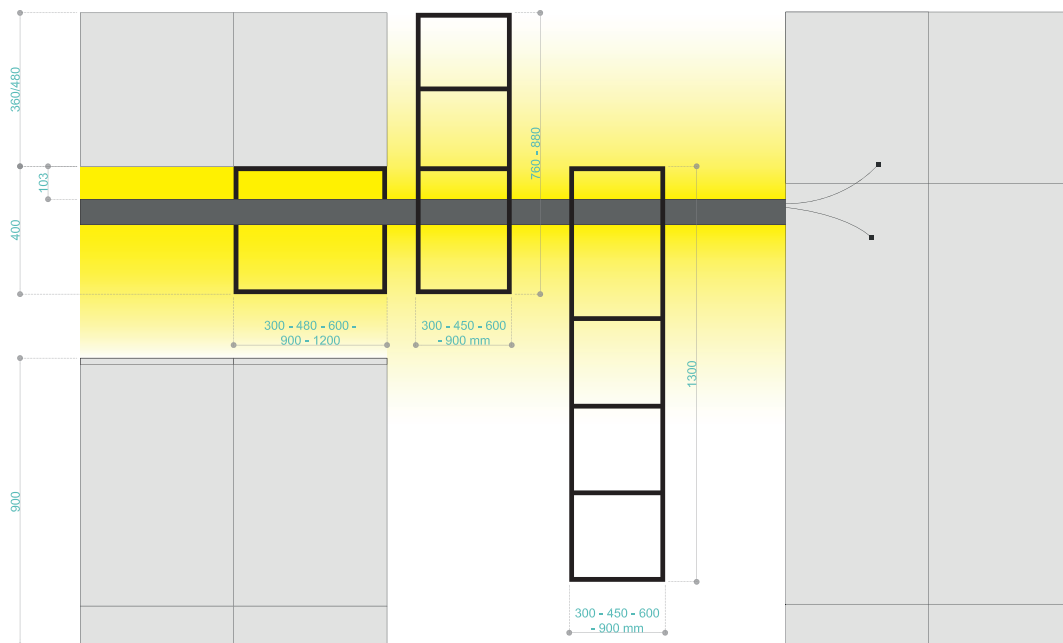

# Schemi Montaggio

## Assembly diagrams

In fase di montaggio si può scegliere il lato di fuoriuscita dei connettori led.  
 Per evitare che gli stessi rimangano a vista consigliamo l'utilizzo di uno schienale o di veicolarene l'uscita in prossimità di un fianco a battuta. (Vedi schemi riportati a seguire)

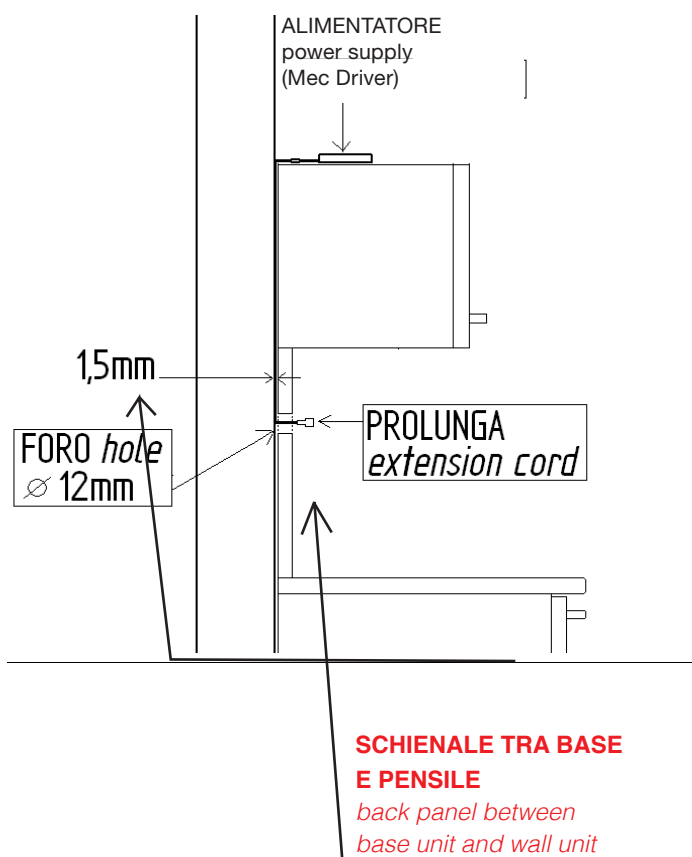

During the assembly phase, you can choose the side of the LED connectors.  
 To prevent them from remaining visible, we recommend the use of a backrest or to convey the exit in the vicinity of a stop flank. (See diagrams below)

# DIMMER CON RADIOCOMANDO 4 ZONE

## DIMMER WITH WIRELESS 4-ZONE CONTROL

### RICEVITORE DIMMER

Dimensioni 145 x 46,5 x 16 mm

Questo ricevitore 24Vdc deve essere collegato al trasformatore e comanda fino a 6 barre LED fino a max 180 Watt di assorbimento. Fare riferimento ai Watt dei LED indicati in tabella.

### DIMMER RECEIVER

Dimensions 145 x 46,5 x 16 mm

This 24Vdc device has to be connected to the power supply and can control up to 6 LED lights for a max power consumption of 180 Watt. Please refer to the Watt of each LED light in the table.

### RADIOCOMANDO WIRELESS 4-ZONE (da abbinare a ricevitore dimmer)

Dimensioni 137 x 39 x 11 mm

Con questo radiocomando si possono comandare fino a 4 ricevitori insieme o in modo separato per creare 4 zone di illuminazione. Consente di accendere, spegnere e regolare la luminosità di ogni zona singolarmente o in una unica soluzione.

### WIRELESS 4-ZONE CONTROL (to be paired to dimmer receiver)

Dimensions 137 x 39 x 11 mm

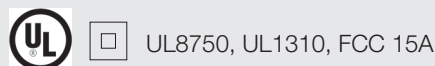

This wireless radiocontrol can be paired to max 4 dimmer receivers, thus creating 4 lighting areas. It allows to turn on, off and adjust the light intensity of each area distinctly or all together.

Air

**Air** è un sistema di profili estrusi in alluminio che attraverso tre diversi modi di giunzione consentono di ottenere numerose tipologie di strutture per mobili ed espositori.

I profili consentono il montaggio di piani in legno, vetro o altri materiali.

**Air** is a system of extruded aluminum profiles which, through three different joining methods, allow to obtain numerous types of structures for furniture and displays.

The profiles allow to assembly shelves made of wood, glass or other materials.

La struttura può essere tamponata posteriormente con diversi materiali per lasciare massima libertà di personalizzazione.

Le sue composizioni standard sono pensate per poter essere inserite nelle zone kitchen e living.

**Air** è un sistema di grande affidabilità strutturale e valore estetico, ideale per la casa, per gli ambienti operativi o espositivi, e dovunque serva praticità e rapidità d'arredo.

The structure can be padded on the back with different materials, to have the maximum freedom of customization.

Its standard compositions are designed for the kitchen and living areas.

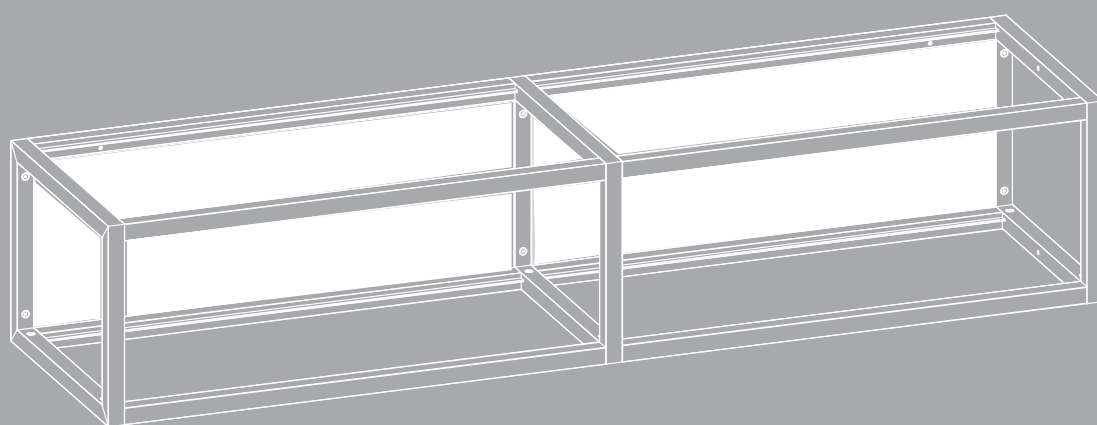

**Air** is a system of great structural reliability and aesthetic value, ideal for the home, for operational or exhibition environments, and wherever practical and quick furnishing is required.

# BOISERIE "QUADRO"

"QUADRO" BOISERIE

Nel caso di mancato collegamento ad un punto luce nella parte posteriore del pannello Quadro al fine di nascondere il passaggio del filo in direzione del punto luce esterno si consiglia il posizionamento di un pannello tra base e pensile da scegliere in base alla progettazione.

Vedi esempio sotto

In case of missing connection to a light point in the rear part of the Quadro panel, in order to hide the passage of the wire in the direction of the external light point, it is recommended to place a panel between the base unit and the wall unit to be selected according to the project. See example below

*Un design semplice e iconico, e un uso di materiali d'avanguardia, sono le principali caratteristiche che rendono il sistema BelNet innovativo e pragmatico. La scelta dell'utilizzo del laminato compatto in spessore 4mm come materiale per la realizzazione degli accessori, è frutto di una ricerca accurata che ha avuto come punto di arrivo la selezione di un materiale resistente all'acqua, al vapore, facile da pulire, ma anche ad alta igienicità e con buone proprietà antibatteriche e antigraffio, tutte caratteristiche che rendono questo materiale perfetto se utilizzato al contatto con il cibo.*

A simple yet iconic design and the use of avant-garde materials are the features that make the BelNet system innovative and pragmatic. The choice to use compact laminate as the main component of our kitchen accessories is fruit of an extensive research aimed to find a material that not only is water and steam resistant, durable and easy to clean, but also a material with highly hygienic and antibacterial properties, that is at the same time scratch resistant and particularly apt to be in contact with food and moisture.

POSSIBILITÀ DI PERSONALIZZAZIONE

30 Finiture | *Finishings*

*Disegnato per creare uno spazio contenitivo sul top della cucina, il canale attrezzato ad incasso porta una organizzazione e una accessibilità estremamente interessanti a questa parte della cucina.*

*Realizzato in differenti lunghezze, questo canale attrezzato può essere accessorato con tutti gli elementi della linea BelNet 472 con l'aggiunta dell'opzione del vassoio elettrificato, rivelandosi così ideale per organizzare tutti i tipi e dimensioni di top delle cucine.*

Designed to increase storage space on the kitchen counter, our Low Depth Back Section brings organization and accessibility upfront. Coming in five standard measures, and three standard finishings the Low-Depth Back Section can satisfy every cook's need for practicality.

Equipped with the BelNet 472 inserts, this back section can also be furnished with an exclusive Electricity Tray supplied with two Schuko outlets. Extremely versatile and practical, the Low Depth Back Section not only deepens the kitchen counter, but also brings along an orderly elegance.

24 Alzata in appoggio | *Lay-on double back section*

30 Finiture | *Finishings*

*Disegnato per portare ordine sul top della cucina, il canale attrezzato in appoggio si può posizionare dove più si preferisce proprio perché è solo appoggiato sul top della cucina e fissato grazie ad uno speciale velcro che dà la possibilità di rimuoverlo ogni qualvolta ce ne sia il bisogno.*

*Proprio questa caratteristica di fissaggio, che evita lavorazioni sul top della cucina, lo rende particolarmente semplice da installare anche su una cucina già esistente. Equipaggiato con tutti gli accessori della linea BelNet 472, questo canale attrezzato è estremamente pratico e funzionale, portando carattere anche alle cucine più semplici.*

Designed to bring order on the kitchen counter, the Lay-on Back Section stays where you place it, but can also be moved where you need it, thanks to the practical reusable fastener used to fix it to the counter top. Coming in four standard measures, and three standard colors the Lay-On Back Section can satisfy every cook's need for practicality and orderliness. Equipped with our BelNet 472 inserts, extremely versatile and practical the Lay-On Back Section is the perfect tool to accessorize the kitchen with tidiness and glamour.

## CANALE IN APPOGGIO

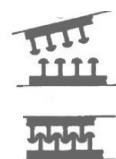

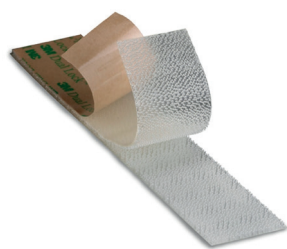

### LAY-ON BACK SECTION

*Il fissaggio sul top avviene grazie ad uno speciale velcro che dà la possibilità di rimuoverlo ogni qualvolta ce ne sia il bisogno. Proprio questa caratteristica di fissaggio, che evita lavorazioni sul top della cucina, lo rende particolarmente semplice da installare anche su una cucina già esistente.*

Thanks to the reusable fastener at the bottom, the Lay-On Back Section stays where you put it, but can be moved when and where you need it, without requiring any milling on the kitchen top.

## FACILE DA INSTALLARE SUL TOP DELLA CUCINA

*EASY TO INSTALL ON THE KITCHEN TOP*

No Screws

No Holes

No Milled

## POSSIBILITÀ DI PERSONALIZZAZIONE

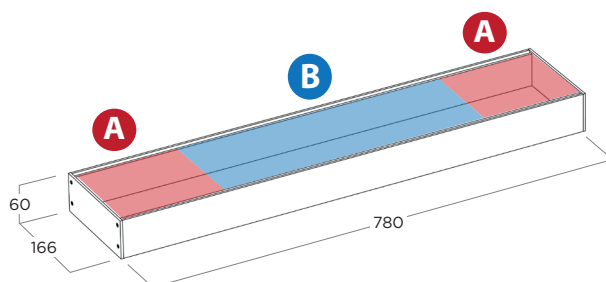

*CUSTOMIZATION AVAILABLE*

*Il canale in appoggio può essere prodotto in misure personalizzate, e può essere fornito anche senza fondo.*

The Lay-On Back Section can be produced in customized measures, and it can be supplied also without bottom panel.

# ALZATA IN APPOGGIO

## *LAY-ON DOUBLE BACK SECTION*

---

2 Materiali | *Materials*

4 Canale a incasso | *Low depth back section*

16 Canale in appoggio | *Lay-on back section*

**24 Alzata in appoggio | *Lay-on double back section***

30 Finiture | *Finishings*

*L'alzata in appoggio non è altro che l'evoluzione del canale in appoggio sviluppato in altezza su due livelli di contenimento. Anche in questa situazione il fissaggio sul top avviene tramite lo speciale velcro che consente di poter rimuovere l'alzata in ogni momento, ma al contempo dona una stabilità perfetta quando fissata, senza necessità di lavorazioni sul top della cucina. Disponibile in tre lunghezze standard, si adatta perfettamente a tutti i tipi di cucina, sia nelle cucine a muro che nelle isole centro stanza. Equipaggiato con tutti gli accessori della linea BelNet 472, questo canale attrezzato è estremamente pratico e funzionale, portando carattere anche alle cucine più semplici.*

Evolution of the Lay-on Back Section, the Lay-On Double Back Section finds more storage space on the kitchen counter by expanding vertically. Using the reusable fastener to be kept in place, but moved when needed, the Lay-On Double brings dynamism to the cooking area. Coming in three standard measures, and three standard colors this back section can satisfy every cook's need for tidiness and functionality. Equipped with our BelNet 472 inserts, extremely versatile and practical the Lay-On Double Back Section is the perfect tool to accessorize the kitchen with order and style.

## ■ ALZATA IN APPOGGIO

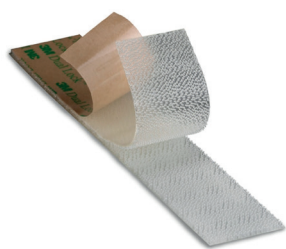

### LAY-ON DOUBLE BACK SECTION

*Il fissaggio sul top avviene grazie ad uno speciale velcro che dà la possibilità di rimuoverlo ogni qualvolta ce ne sia il bisogno. Proprio questa caratteristica di fissaggio, che evita lavorazioni sul top della cucina, lo rende particolarmente semplice da installare anche su una cucina già esistente.*

Thanks to the reusable fastener at the bottom, the Lay-On Double Back Section stays where you put it, but can be moved when and where you need it, without requiring any milling on the kitchen top.

### FACILE DA INSTALLARE SUL TOP DELLA CUCINA

#### EASY TO INSTALL ON THE KITCHEN TOP

No Screws

No Holes

No Milled

### POSSIBILITÀ DI PERSONALIZZAZIONE

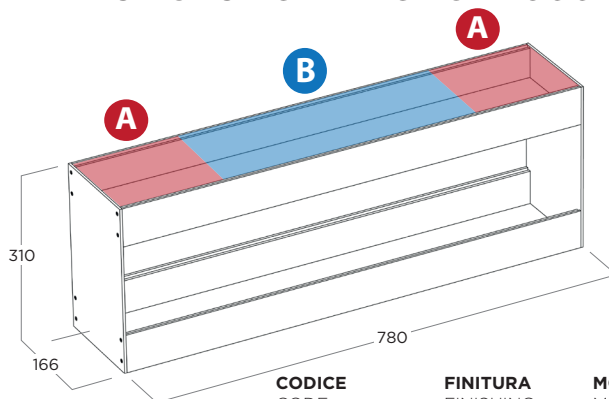

#### CUSTOMIZATION AVAILABLE

*L'alzata in appoggio può essere prodotta in misure personalizzate.*

The Lay-On Double Back Section can be produced in customized measures.

BOISERIE HI-LINE

2023

La **Boiserie Hi-line** è un rivestimento funzionale.

Un elemento che dona al tuo arredamento un grande impatto estetico e ti permette di attrezzare la parete, personalizzandola secondo le tue esigenze. I suoi elementi modulari permettono di avere a portata di mano tutto ciò che ti serve. Le mensole ed i vari accessori, danno anche la possibilità di tenere a vista elementi decorativi e di design, valorizzando la tua composizione anche dal punto di vista estetico.

La **Boiserie**, inoltre, può essere arricchita di luci led e prese elettriche, senza la necessità di dover per forza canalizzare la parete per l'impianto elettrico.

**Boiserie Hi-line** is a functional covering.

An element that allow to have a great aesthetic impact and also to equip the wall, customizing it according to your needs. Its modular elements are thought for having everything you need on hand. The shelves and accessories give the possibility to keep in sights decorative and design elements, enphatizing the furniture also from aesthetical point of view.

Furthermore, the **Boiserie** can be enriched with LED lights and electrical sockets, without modify the electrical system.

La **Boiserie Hi-line**, permette di personalizzare e trasformare non solo la zona cucina ma tutti gli ambienti della casa rendendo gli spazi più eleganti e funzionali. Questa soluzione può diventare una scelta valida anche negli interni dallo stile più contemporaneo.

The **Boiserie Hi Line** allows you to customize not only the kitchen area but also all house spaces, making them more elegant and functional. This solution maybe become a valid choice for contemporary style interiors.

## Pannelli Panels

**Durante la fase di progettazione bisogna tener presente sia del limite dimensionale del pannello (altezza e larghezza max.) che in caso di finiture materiche, dell'orientamento della venatura.**

**During the design phase, it is necessary to keep in mind both the panel dimensional limit (height and width max.) and in the case of finishes material, the grain orientation (vertical or horizontal).**

## CATEGORIA PARETE WALL CATEGORY

Rappresentazione di soluzioni per rivestimento parete, in funzione degli allineamenti dei pensili della cucina di riferimento. Le quote sono puramente indicative e vanno adattate alla reale condizione reali di installazione (irregolarità della pavimentazione/regolazione dei piedi).

### QUOTE JOLLY AD ALTEZZA VARIABILE

Le altezze indicate nelle fasce n. 2 e n.4 possono variare la loro altezza in relazione allo spessore del piano. Questo per mantenere sempre gli allineamenti per ogni tipologia di top.

Nel disegno presente nella parte superiore vengono riportati gli allineamenti considerando il top spessore 12 mm. Per le altre tipologie occorre considerare le seguenti differenze:

**TOP H 20** = H + 8 mm per FASCIA 2  
H - 8 mm per FASCIA 4

**TOP H 22** = H + 10 mm per FASCIA 2  
H - 10 mm per FASCIA 4

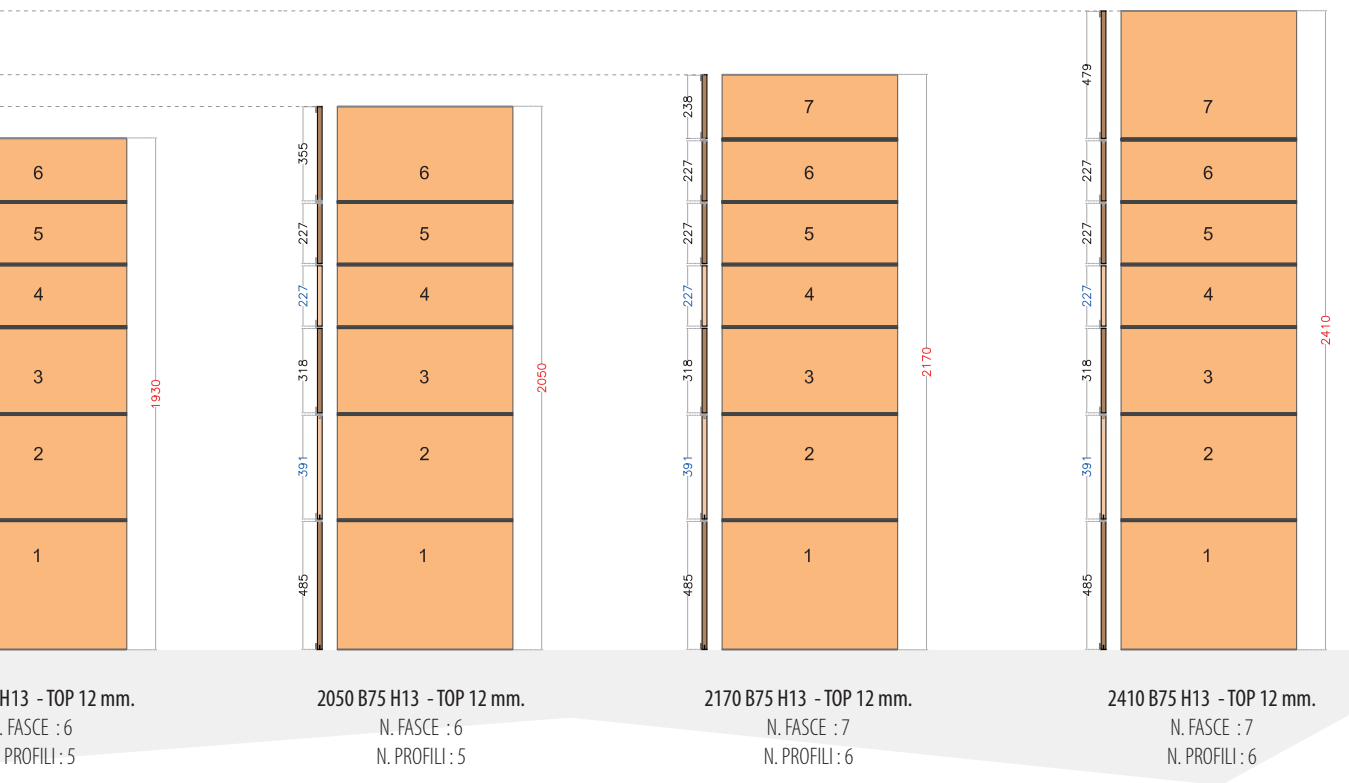

**TOP H 30** = H + 18 mm per FASCIA 2  
H - 18 mm per FASCIA 4

**TOP H 40** = H + 28 mm per FASCIA 2  
H - 28 mm per FASCIA 4

**BASE H 75 bridge ZOCCOLO 13**  
**BASE H 75 bridge PLINTH 13**

Representation of solutions for wall covering, depending on the alignments of the reference kitchen wall units. The dimensions are purely indicative and should be adapted to the actual condition of installation (unevenness of flooring/footing adjustment).

JOLLY QUOTE (H VARIABLE)
- **QUOTE FISSE**  
FIXED DIMENSION
- **QUOTE H TRA BASE E PENSILE**  
DIMENSIONS BETWEEN BASE AND CABINET

**DIMENSIONS WITH VARIABLE HEIGHT**

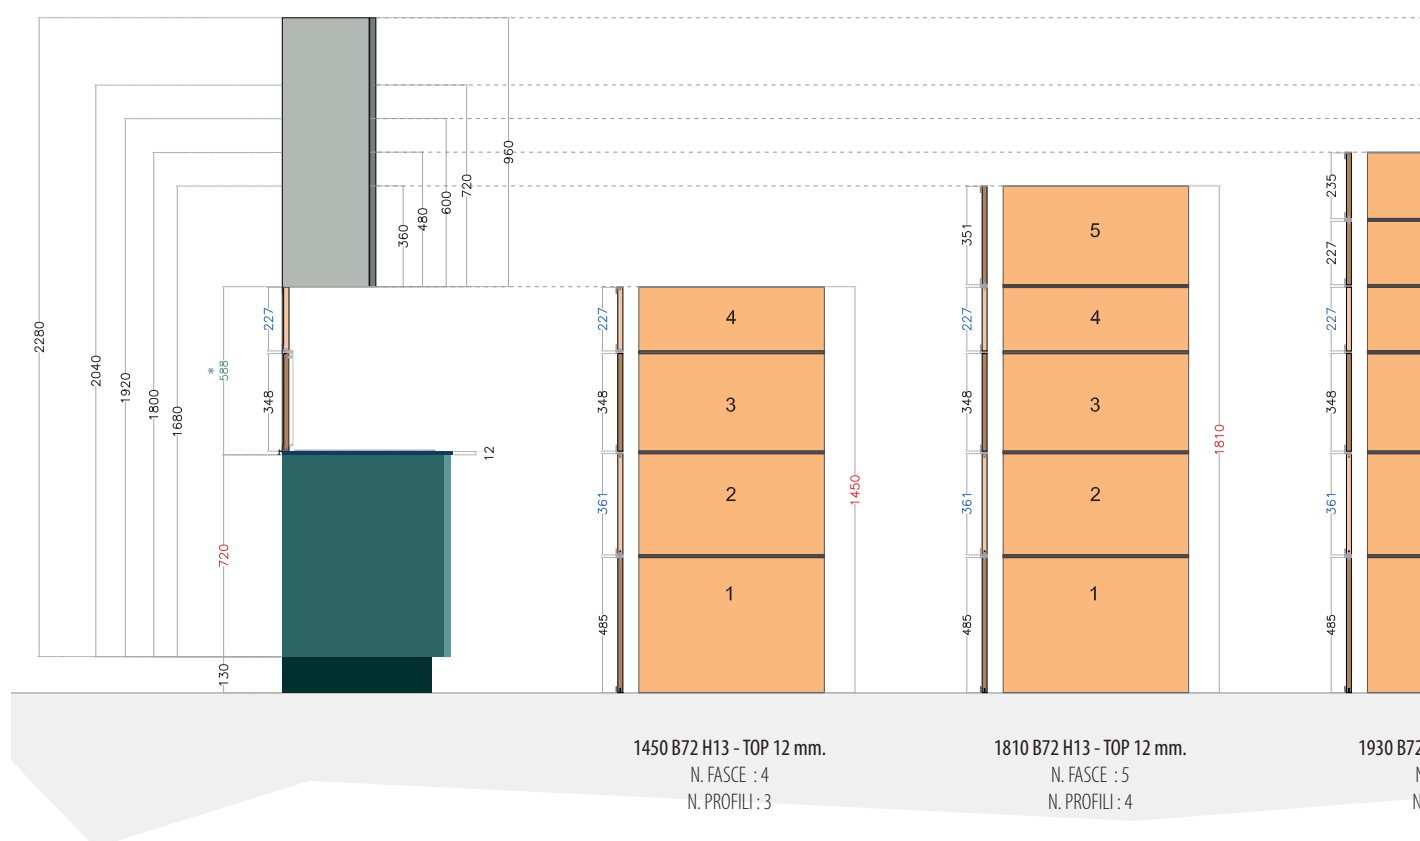

The heights indicated in the bands n. 2 and n.4 can change their height in relation to the top thickness. This solution it was designed for maintaining alignments for each type of top.

The drawings in the upper, consider the top with thick 12 mm. For the other types, must be considered the difference below:

- TOP H 20** = H + 8 mm for band 2  
H - 8 mm for band 4
- TOP H 22** = H + 10 mm for band 2  
H - 10 mm for band 4
- TOP H 30** = H + 18 mm for band 2  
H - 18 mm for band 4
- TOP H 40** = H + 28 mm for band 2  
H - 28 mm for band 4

## LIVING LIVING AREA

La categoria living rappresenta la soluzione di massima personalizzazione. E' pensata per dare la possibilità di scegliere liberamente il numero di profili e di pannelli nella composizione.

The living category is the solution for the maximum customization. Its designed to give the possibility to choose the composition, freely, both the number of profiles and panels.

### ESPLOSO COMPONENTI PER COMPOSIZIONE LIVING - BLOWN-UP COMPONENTS FOR LIVING COMPOSITION

\*  
Opzione pannello inferiore in GRES, QUARZO o HPL solo per categoria CUCINA  
Option bottom panel in STONEWARE ,QUARTZ or HPL is available only for KITCHEN category

### FINITURE PANNELLI - PANEL FINISHES

Le finiture dei pannelli possono essere delle seguenti categorie:  
MELAMINICO - LAMINATO - LACCATO UV - FENIX - WOOD - MATHERA - IMPIALLACCIATO

The panel finishes can be made in the categories below:  
MELAMINE - LAMINATE - UV LACQUERED - FENIX - WOOD - MATHERA - VENEERED

PARETE BLUES

2023

# PARETE "BLUES"

## "BLUES" WALL

Noce canaletto con fondo nero  
Noce canaletto with black bottom

BLUES è un pannello decorativo sp. 19 mm, composto da un fondo in MDF in pasta nera e listelli verticali squadrati L 15 mm in laminato finitura Noce canaletto.

Disponibile nella misura massima H 280 L 60 cm.

**Possibilità di realizzare fuori misura in altezza e in larghezza con addebito dell'intero pannello**

BLUES is a 19 mm thick decorative panel consisting of a black paste MDF base and 15 mm W squared vertical slats in Canaletto Walnut finish laminate.

Available in the maximum size H 280 W 60 cm.

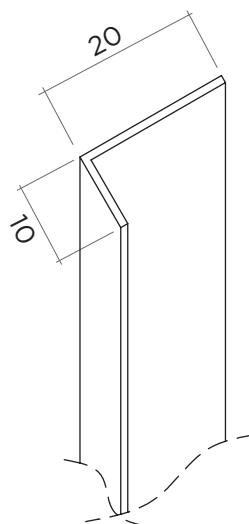

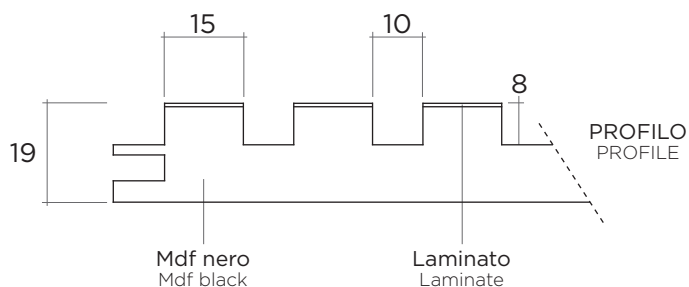

**Possibility of oversizing in height and width with charge of the entire panel**

Pannello H 280 L 60 sp. 1,9 cm  
Panel H 280 W 60 th. 1,9 cm

cod.086PBB01

Maggiorazione taglio/foro  
Surcharge cut out/hole

cod.T9LSPB

### ACCESSORI ACCESSORIES

Profilo angolare di chiusura

Misure: 20x10x2800 mm

**Obbligatorio nella parte inferiore del pannello. Nelle parti laterali inserire solo se il bordo del pannello è a vista.**

Closing angle profile

Dimensions: 20x10x2800 mm

**Mandatory in the lower part of the panel.**

**In the side parts, only insert if the edge of the panel is visible.**

Profilo angolare cod.086PBB10  
Corner profile
