ACCESSORI PER CASSETTO 2023

## COME ORGANIZZARE E TENERE IN ORDINE I CASSETTI DELLA CUCINA

Riorganizzare i cassetti della cucina è un'operazione periodica, che ti permette di pulire a fondo gli spazi e ordinare i diversi utensili, per avere tutto a portata di mano (e di occhio!).

**Quante volte apri i cassetti della cucina e non trovi quello che cerchi?**

**Probabilmente è davvero ora di fare un pò d'ordine!**

**Prima di tutto, fare decluttering può servire per eliminare eventuali utensili che non usiamo mai, ma anche capire se sono nel posto giusto ed eventualmente decidere come cambiarne la disposizione nei diversi cassetti.**

**Il passo successivo è suddividere i cassetti per ottimizzare lo spazio e tenere tutto in ordine: l'ideale è utilizzare divisori che ti permettono la massima flessibilità, come il nuovo accessorio 800.**

## PIÙ SPAZIO

**La possibilità di utilizzare ogni millimetro utile, ti farà probabilmente scoprire di avere più spazio di quanto credessi: e così potrai avere davvero tutto a portata di mano, rendendo l'esperienza in cucina ancora più piacevole!**

## HOW TO ORGANIZE AND KEEP KITCHEN DRAWERS TIDY

Reorganizing the kitchen drawers is a periodic operation, which allows you to thoroughly clean the spaces and order the different ones utensils, to have everything at hand (and in sight!).

How many times do you open the kitchen drawers and can't find what you are looking for?

It's probably really time to tidy up a bit!

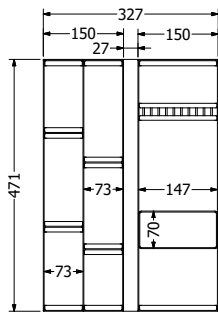

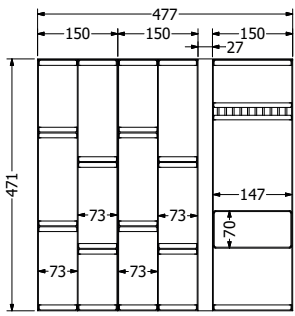

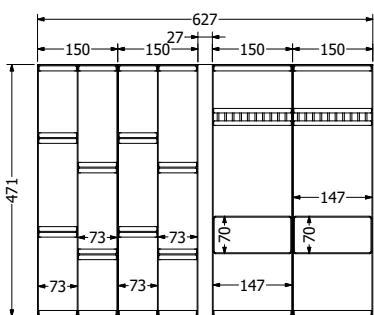

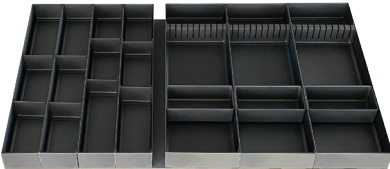

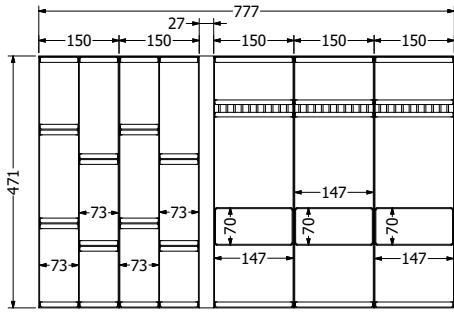

First of all, decluttering can be used to eliminate any tools that we never use, but also to understand if they are in the right place and eventually decide how to change the arrangement in the different drawers.

The next step is to divide the drawers to optimize space and keep everything in order: the ideal is to use dividers that allow you maximum flexibility, like the new 800 accessory.

## MORE SPACE

The possibility of using every useful millimeter will probably make you discover that you have more space than you thought: and so you can really have everything at your fingertips, making the cooking experience even more enjoyable!
