

GRUPPO LUBE

Air

Air è un sistema di profili estrusi in alluminio che attraverso tre diversi modi di giunzione consentono di ottenere numerose tipologie di strutture per mobili ed espositori.

I profili consentono il montaggio di piani in legno, vetro o altri materiali.

Air is a system of extruded aluminum profiles which, through three different joining methods, allow to obtain numerous types of structures for furniture and displays.

The profiles allow to assembly shelves made of wood, glass or other materials.

La struttura può essere tamponata posteriormente con diversi materiali per lasciare massima libertà di personalizzazione.

Le sue composizioni standard sono pensate per poter essere inserite nelle zone kitchen e living.

Air è un sistema di grande affidabilità strutturale e valore estetico, ideale per la casa, per gli ambienti operativi o espositivi, e dovunque serva praticità e rapidità d'arredo.

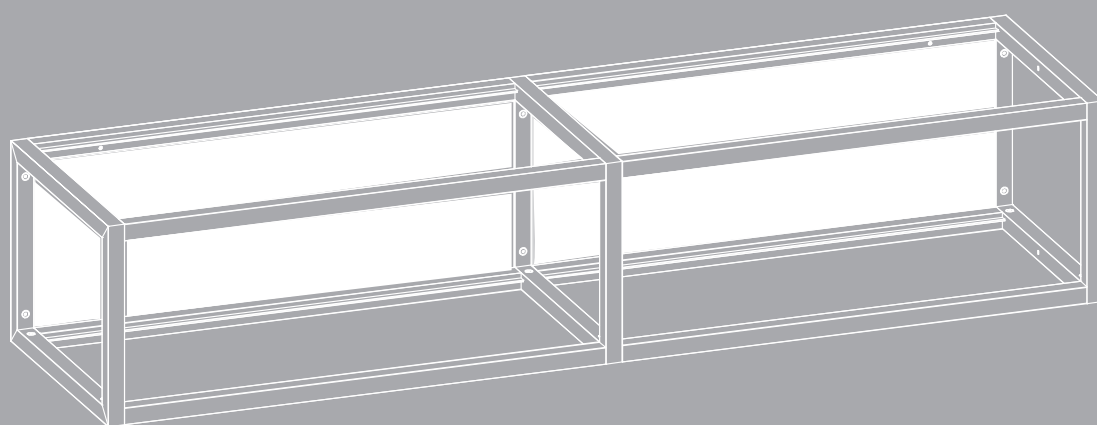

The structure can be padded on the back with different materials, to have the maximum freedom of customization.

Its standard compositions are designed for the kitchen and living areas.

Air is a system of great structural reliability and aesthetic value, ideal for the home, for operational or exhibition environments, and wherever practical and quick furnishing is required.

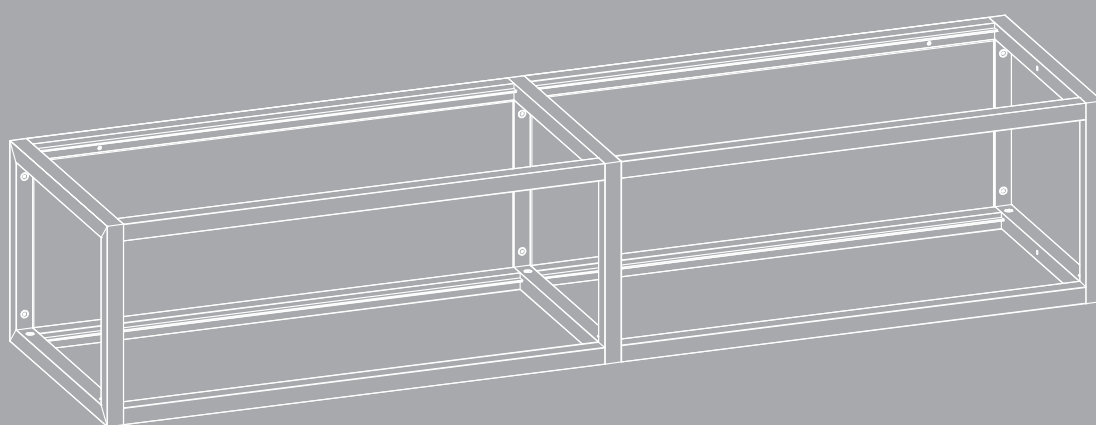

Pensili con schienale in lamiera e ripiani vetro

Wall units with sheet metal back panel and metal and glass shelves

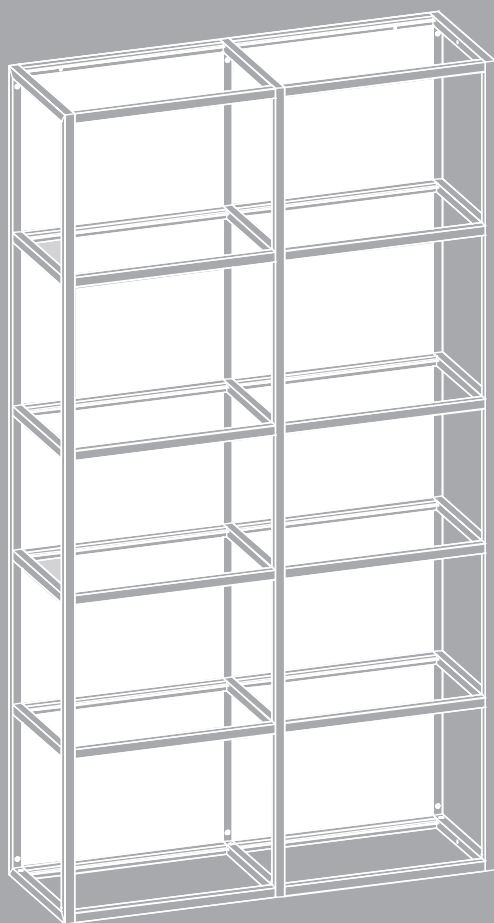

Pensili con schiena personalizzata e ripiani vetro
